

Critical Usage Information

ClearView Filter Aid

DIRECTIONS

Shake thoroughly before using.

CLEANS SAND FILTERS

Turn off inlets and outlets for all chemical feeders. Close main drain and place filter in backwash position. Slowly pour 8 ounces of CLEARVIEW™ "FILTER AID" through skimmer while backwashing. Run filter pump until water runs clear. Repeat treatment until entire contents of the bottle is used. Continue normal operation and turn on inlets/outlets for chemical feeders.

CLEANS CARTRIDGE FILTERS

Remove cartridge from filter and spray filter from top to bottom with CLEARVIEW™ "FILTER AID" and allow to stand for 5 minutes or until foaming action stops. For deep cleaning, cartridges can be placed in a large plastic bag, tied closed, and set in a warm area for 30 minutes. Then, rinse and replace grids in filter and continue normal operation.

CLEANS DIATOMACEOUS EARTH FILTERS

Remove filter grids from filter and spray CLEARVIEW™ "FILTER AID" onto grid surface. Allow to stand for 5 minutes or until foaming action stops. For deep cleaning, cartridges can be placed in a large plastic bag, tied closed, and set in a warm area for 30 minutes. Then, rinse and replace grids in filter and continue normal operation.
