

## Critical Usage Information

### Clear Spa 104 Jet Blast

The following is only basic usage directions. Refer to the actual product label for First Aid, Warnings and other statements of use.

**Jet Blast** clears spa and jetted bath tub plumbing of organics,oils, dirt, and minerals. Add Jet Blast before the water is drained to prevent buildup that can restrict water flow and damage equipment. This product is compatible with all sanitizers including chlorine, bromine, ozone and biquanide.

#### DIRECTIONS FOR USE:

##### SHAKE WELL

Use Jet Blast every 3 months or when the spa is drained and refilled per the manufacturers recommendations.

1. Remove filter cartridge and clean separately using Filter Cleaner.
2. Before spa is drained, add entire bottle of Jet Blast to warm spa water through the skimmers.
3. Turn pump ON and run the jets for 15 minutes. \_\_\_\_\_(Ensure that filter is not in spa.)
4. Turn pump and jets OFF and let sit for 1 hour.
5. Turn pump ON and run jets and blower for 15 minutes.
6. Drain the spa, hosing off the inside spa walls while draining. When empty, rinse one last time.
7. Refill the spa according to the manufacturers' recommendations.

NOTE: Some residual foaming may occur, if so, use No Foam to suppress the foam.
